Bulletin #2014-005 1 – March - 2014

Subject:
Steering in National Open Class

Overview:

Effective immediately, add the following section to Article 10.2.A.6.

g. Steering

i. The steering system and its position are free but only a direct mechanical linkage between the steering wheel and the steered wheels is permitted.

ii. Hydraulic or electrically assisted power steering is permitted.

Rationale: This change clarifies what is and is not permitted for the steering system in National Open Class cars. At this time, steer-by-wire is not permitted.

Questions regarding this bulletin received by Rally America from licensed Drivers and Co-Drivers will be answered in writing.
